

Kona Gold Solutions, Inc. Enters Distribution Agreement with Canadian Green LLC in Colorado

Company is currently seeking additional distribution in California and Pacific Northwest

Rockledge, FL August 3, 2017 (GLOBE NEWSWIRE) -- Kona Gold Solutions, Inc. (OTC Pink: KGKG), a hemp lifestyle brand of exclusivity and status, has announced the company has entered a distribution agreement with Canadian Green LLC in Colorado. Canadian Green, based in Denver Colorado, will be handling Kona Gold's strategic expansion in the state of Colorado with expansion opportunities into Nevada. Canadian Green will use their established channels with dispensaries, vape shops, liquor stores, and c-stores to aggressively push Kona Gold's Hemp Energy Drinks, and soon to produce CBD flavored energy waters, into that region's markets.

Kona Gold is currently in talks with additional distributors in California and the Pacific Northwest in efforts to bring their popular Hemp Energy Drinks out west. The company also recently entered a Strategic Alliance Agreement (SAA) with Elev8 Brands, Inc. (OTC Pink: VATE), where both companies will work together in bringing their products to Vape and Smoke shops on a national level.

"We recently entered the Colorado market and it was only a matter of weeks before we signed on with a fantastic distributor that has established channels in the markets that we are focused on," stated Robert Clark, CEO of Kona Gold Solutions, Inc. "We are thrilled to have Canadian Green as a partner who is excited about our products and is determined to grow our brand!"

"Sales have been very rapid," stated Canadian Green's Vice President Jakob Jorgensen. "We already have several locations that have sold out their inventory and we are replenishing their supply. Our company will be placing additional orders with Kona Gold to meet our growing demand," added Jorgensen

Clark continued, "We currently have several great retail customers throughout California and are seeing more demand for our products in that state, so natural progression will be to sign on local distributors in that region, which we are actively pursuing."
