

## **Kona Gold Solutions, Inc. Developing CBD Infused Flavored Energy Waters**

### **Company has recently expanded warehouse space**

Rockledge, June 1, 2017 (GLOBE NEWSWIRE) -- Kona Gold Solutions, Inc. (OTC Pink: KGKG), a hemp lifestyle brand of exclusivity and status, has announced that they will be developing an all new CBD infused line of energy waters, which will expand their energy beverage product lineup that already includes their popular hemp infused energy drinks. The company will be producing multiple flavors that will appeal to a vast consumer market. These flavors include Tropical Coconut, Georgia Peach, Kiwi-Strawberry, and Watermelon.

Kona Gold has also recently expanded their warehouse space by adding an additional 1600 square feet. The additional warehouse space will be used to house inventory of their current and future products.

"We are very excited to be announcing that the company is in the process of developing an amazing new product, an all-new CBD infused energy water that will be available in several delicious flavors," stated Robert Clark, CEO of Kona Gold Solutions, Inc. "We could have simply created great tasting flavored CBD waters, but we are an energy beverage company, so naturally we are taking our product development to the next level by adding energy to our CBD infused flavored waters! Not many companies are doing that."

Kona Gold will use their existing distribution partners and retail locations to effectively launch their new CBD infused flavored energy waters into the market once they become available in the second half of 2017. The company will make announcements as production nears and launch dates are set.
